FINANCIAL SERVICES

PCS Update – April 30 – 135 Day Funding

PCS automates the data collection required to determine supplemental funding of staff's salaries. Funding is based on the **first 135** days. As the deadline approaches for districts to have their PCS updates completed in preparation for the 135 day funding report, it is very important that all records entered in PCS are accurate. Here are a few key issues to consider as you are updating your district's PCS records:

- Make sure records are properly coded with the **correct position code**. This is especially vital to *any* position that receives *federal* funding.
- Please ensure that the following fields are updated for funding:
 - 1) Days in 1st 135
 - 2) FTE
 - 3) Contract days
 - 4) Salary

PCS Request for User Access Form

This was recently sent to all district PCS Coordinators. Send your completed form to acastro@ed.sc.gov. Form is located at the following link: <http://ed.sc.gov/agency/cfo/finance/Financial-Services/documents/PCSUserAccessForm1-22-15.pdf>

Pupils in Poverty (PIP)

In determining what an estimated PIP count would be for a specific school, the current methodology we are proposing is to use the district's poverty index and the ADM amount based on prior year 135-day data, along with the PIP amount that was reported on the 45-day update. To determine the allocation for a specific school, calculate their PIP using the individual school's poverty index. Refer to the example below:

District Code	INDEX	District ADM Amt	PIP Count	Rounded PIP
1234	75.70	Based on 135-Day		
	36.02	9307.38	7045.68666	7046

10,056.95 Total PIP alloc. * 0.00830589

We are still in the process of determining what the best method would be to report PIP.

MOE/Aid to Districts

We are in the process of finalizing the state's need for MOE for the current school year. Once we have the figures computed, we will let you know the state's needs. Please remember that districts may transfer funds from Aid to District to MOE as needed using the flexibility procedures.

National Board

Please continue to let us know if a NB teacher leaves your district or moves into an ineligible position so that your payments may be adjusted.

In\$ite 2013-14

STATUS OF PROCESS - GAPS

Your patience is appreciated as we work through the development and implementation of GAPS. Slight changes will occur over the next several months as we continue to add enhancements.

The ability to access reports in GAPS is now available. Brief instructions on how to run the reports is posted on the Grants Accounting Section's web page. <http://ed.sc.gov/agency/cfo/finance/Grants-Accounting/documents/TitleIPresentationSpring2015-RunReports.pdf>

NOTES:

Budget Amendments, Expenditures and Expenditure Refunds ARE entirely functioning in the system.

Budget Amendments aren't available in GAPS unless the original Budget has been approved by the SCDE Program Office.

Until that time, the next person in line for the workflow approval can return the item to the previous person without an amendment being necessary. This also applies to expenditures.

Expenditures aren't available for entry until the budget approval has made it through the SCDE program office. Once the budget has been approved, enter the budget tab, go to specific function/object combination and icon will appear to the right for the entry of the expenditure.

NOTES: (continued)

The status of an item can be viewed by clicking all the way into the amount.

If a budget item is pending the approval of the SCDE program office, please contact the program office to determine the delay in approving the budget. Expenditures can't be entered in GAPS until the budget is completely approved.

We have received many inquiries about the Science Kits Refurbishment funds. Once SCDE receives these funds, we will send out in your regular monthly payments.

AUDITING SERVICES

FY 2013-14 Late Audit Submission

The district superintendent from each LEA who has not met the annual audit requirement stated in the SC Code of Laws received correspondence from the State Superintendent of Education indicating noncompliance with the state statute. If your district has not yet submitted a copy of the audit report and/or a status of the audit to the Office of Auditing Services, please do so immediately.

Due to Schedules

Please review the schedule of funds due back to the state and federal government to ensure accuracy. Any payments not due back because of funding flexibility or carryover provisions should **not** be stated on the schedule. Payments made in error cannot be returned.

LEA Audit Reporting System (LARS)

An instructional video on how to access LARS has been posted on the Office of Auditing Services web page at <http://ed.sc.gov/agency/as/InformationMemosandForms.cfm>.

If you will be a user of the system and do not have rights under the SCDE's Web Access Administrative tool, please get with the Web Access Coordinator from your LEA or sponsoring district from your LEA and CATE centers to have access granted to access the SCDE's member center.

The annual audit report, data collection form, supportive information, and the SCDE Supplemental Schedules for each fund type should have been submitted through LARS by December 1.

Time and Effort Requirements

Employees whose salary are charged in whole or in part to a federal cost objective must complete either the monthly personnel activity report (PAR) or the semi-annual certification. Certifications are required for those whose salary is charged 100% to a federal cost objective. The PAR is required for any employee whose salary is charged less than 100% to a federal cost objective or to multiple federal cost objectives.

Time and Effort Requirements (continued)

These requirements are stated in the Office of Management Budget Circular A-87 "Cost Principles for State, Local and Indian Tribal Governments" Attachment B Section 8h. A link to the circular can be found at <http://ed.sc.gov/agency/as/>.

For federal awards made after December 26, 2014, please adhere to the requirements in the Uniform Grant Guidance and 2 CFR Part 200.

The link to the electronic Code of Federal Regulations is <http://www.ecfr.gov/cgi-bin/text-idx?SID=51fe36054afd11b20bac5931e4e104e5&node=p2.1.200&rgn=div5>

An example of a PAR and certification are now located on our website at <http://ed.sc.gov/agency/as/documents/FederalSamplePersonnelActivityReport.pdf> and <http://ed.sc.gov/agency/as/documents/FederalSampleSemi-AnnualCertification.pdf> respectively.

Time and Effort Clarification for Food Service Employees

Food Service employees are exempt from the requirement to prepare personnel activity reports or certifications. However, if the food service employee also works on another federal cost objective, the employee must complete the required time and effort reporting.

Substitute System for PAR's

The USDE recently established guidance allowing an SEA to permit an LEA to use substitute documentation such as a teacher's course schedule as adequate documentation for the time and effort of an individual who works on multiple activities or cost objectives but does so on a predetermined schedule. An individual documenting time and effort under the substitute system would be permitted to certify time and effort on a semiannual basis, provided the LEA's substitute system meets requirements.

In order to use the substitute system, the LEA must certify to the SEA that only eligible employees will participate in the substitute system and that the system used to document employee work schedules includes sufficient controls to ensure that the schedules are accurate.

Substitute System for PAR's (continued)

Additionally, the certification must include a full disclosure of any known deficiencies with the system or known challenges with implementing the substitute system.

To review this guidance in full along with examples of acceptable substitute system, see

<http://www2.ed.gov/policy/fund/guid/gposbul/time-and-effort-reporting.html>.

Annual Audit Guide

Annual Audit Guide – The FY 2013-14 Annual Audit Guide has been posted to the SCDE website at <http://ed.sc.gov/agency/as/ManualsHandbooksandGuidelines.cfm>. The template for submission of the SCDE supplemental schedules is also located on the website under the 2013-2014 Audit Guide link. Please share this information with your independent auditors as it lists **new** audit submission requirements for FY 2013-14 audits.

Miscellaneous Revenue Codes and Subfunds
